

repo.DicePy.dice_visualise.example
_H1s_wfn

repo.DicePy.dice_visualise.plot_3D

repo.DicePy.dice_visualise.plot_3D

```
graph LR; A[repo.DicePy.dice_visualise.example_H1s_wfn] --> C[repo.DicePy.dice_visualise.plot_3D]; B[repo.DicePy.dice_visualise.plot_3D] --> C;
```

The diagram illustrates a relationship between three code paths. On the left, there are two separate boxes. The top box contains the text 'repo.DicePy.dice_visualise.example_H1s_wfn'. The bottom box contains the text 'repo.DicePy.dice_visualise.plot_3D'. Arrows from the right side of both of these boxes point towards a single box on the right. This box contains the text 'repo.DicePy.dice_visualise.plot_3D' and has a light gray background, distinguishing it from the other two boxes which have white backgrounds.
